To whom it may concern;

We purchased our Merchandisers from ENS 4 years ago. ENS performed the install and provided the initial training. They have been very helpful whenever we have questions and the web site provides a great format of assistance. Our merchandisers have been basically problem free which is important as we are a busy Trade and Exhibition Centre and down time must be kept to an absolute minimum. ENS has provided excellent service and we look forward to continuing with them in the future.

Sincerely;

Linda Schneider, E.C.M  
Director, Food & Beverage Services  
Fraser Valley Trade & Exhibition Centre (TRADEX)
